An adults-only oceanfront wellness resort and  
retreat center designed for rest, clarity, and genuine renewal.

# DEAR RETREAT LEADER,

Thank you for considering Reunion Wellness Resort & Retreats as the location for your upcoming program. We appreciate the opportunity to connect with facilitators who are dedicated to creating meaningful, well-designed experiences for their communities.

Reunion was founded as a not-for-profit organization with a clear purpose: to offer an environment where people can slow down, reflect, and take better care of themselves. Our focus is on creating a setting that supports clarity, rest, and personal growth—through intentional design, thoughtful wellness amenities, and an atmosphere that encourages people to feel at ease.

What sets Reunion apart isn't just our oceanfront setting, Blue Zone location, or wellness-oriented facilities—it's the way the environment naturally helps guests settle into a healthier pace. The property was designed to feel welcoming, grounded, and supportive, allowing your participants to fully engage in the work you're leading.

We understand what it takes to host impactful retreats, and our team is dedicated to making the logistics feel seamless. From accommodations and dining to group spaces and operational support, we handle the details so you can stay focused on your program and delivering the experience your guests are coming for.

Thank you again for exploring Reunion as a potential home for your retreat. We look forward to the opportunity to support you in bringing your vision to life.

## YOUR EXPERIENCE IS OUR PURPOSE.

Never rushed. Never forced.  
Never transactional.

---

We live in a world that asks people to move quickly, achieve constantly, and hold everything together. Genuine rest—and the space to reflect or heal—is rarely prioritized.

Reunion was born in response to that pace, providing guests access to an environment that elevates their wellbeing the moment they arrive.

Set along Costa Rica's Pacific coastline, our property blends natural beauty with thoughtful design to create a sense of clarity and possibility.

As a not-for-profit organization, we exist solely to support wellbeing.

# AN OCEANFRONT SANCTUARY

Feel the difference of being here.

Tucked along the sun-drenched shores of Playa Pan de Azúcar (Sugar Beach), Reunion sits on the edge of Costa Rica's celebrated Blue Zone—a region recognized for longevity, vitality, and joyful living.

Here, the beauty of Costa Rica surrounds you at every turn: soft mineral-rich sands, warm Pacific waters, and lush tropical landscapes that invite both adventure and stillness. Days unfold in harmony with nature—morning swims in the ocean, sunset walks along the beach, and starlit evenings framed by the sound of the waves.

Reunion's setting and intentionally paired wellness offerings invites it all, helping you and your guests get the most out of your time here.
